PORTFOLIO

WEB DEVELOPMENT WEBSITE

JavaScript | CSS | React

■ <https://tpsportfolio.netlify.app/>

PROJECTS

5TH AXIS APP

JavaScript | CSS | React

- Incorporated API calls to fetch desired data in lieu of pulling all data to an Excel document
 - Built responsive and dynamic application that enables users to easily navigate site
 - Drastically reduced search and load times increasing operator productivity
 - App scalability taking into account company growth
-

EXPERIENCE

QUALITY INSPECTOR

5th Axis | San Diego, California | May 2020 - Current

- Monitor and quantify data to increase efficiency and reduce unneeded waste
- Perform monthly audits for 200+ operations, PO receipts, and return merchandise authorizations
- Create and query APIs to quickly and efficiently interpret data

SERVICE ADVISOR

Bob Baker Hyundai/Genesis of Carlsbad | Carlsbad, California | March 2018 - March 2020

- Write up to 25 accurate repair orders daily to accurately describe vehicle symptoms
- Provide daily status updates by email and phone to maintain high customer satisfaction
- Properly record and book information on each repair order to meet legal standards

PAVEMENT MARKING TECHNICIAN

Morgan Contractors | Belton, Missouri | August 2016 - March 2018

- Provided pavement marking services for companies such as BNSF, Fedex, and MODOT
- Accurately read and follow blueprints for proper traffic and pavement markings
- Operate specialty equipment to remove and apply pavement markings
